The German Federal Minister for Environment Dr. Norbert Röttgen has officially opened the Germany's first offshore wind park, Alpha Ventus, situated in the Exclusive Economic Zone (EEZ), in the North Sea 45 km north of the island of Borkum.

The company Dr. Müller GmbH stresses the importance of this innovative wind park's located in Germany, which has being installed with twelve wind turbines of five megawatt capacity each and which aims to produce annually energy that will meet the consumption requirement of approximately 50,000 households.

Dr. Müller GmbH, Ahlhorn (Lower Saxony/ Germany) has been a leading supplier of parts made of Nomex®, Mylar®, and Thermiflex® to be used in the generators and electronic devices for this pioneer project. For this reason the company is very proud for the success of this project for this environmentally generation power undertaken by a consortium of EWE, E.ON and Vattenfall Europe.

### About Dr. Müller GmbH
