Dr. Mueller GmbH to Exhibit its Line of Flexible Insulating and Plate Materials At CWIEME Berlin

NewswireToday - /newswire/ - Ahlhorn, Niedersachsen, Germany, 03/05/2010 - The world's leading trade show CWIEME Berlin 2010 related to all materials for inductive machines such as generators and transformers is a must for all companies involved in the manufacturing and supplying of coil winding and insulation materials.

The company Dr. Mueller GmbH is always looking for continuous improvement through innovation and product development as well as implementation of logistic and packaging solutions. The firm is aware of the importance and big impact of participating in the "Coil Winding 2010". Therefore, since the year 1998 Dr. D. Mueller has been taking part in this leading trade show.

During the CWIEME show 2010 held from 22nd to 24th June in Berlin, the company Dr. Mueller GmbH will exhibit its line of products: Flexiso (flexible insulating material) and Rigidiso (plate material), but also it will focus on providing prefabricated and machined parts made of essential insulating materials such as Type 410 Nomex, Kapton, Mylar, Ultem, Hostaphan and Melinex 328.

For over 35 years, the company Dr. Mueller GmbH (mueller-ahlhorn.com), located in Ahlhorn, manufactures and distributes a wide range of electrical insulating materials, thermally conductive products, gaskets and technical films for the electrical and electronics industry, the automotive industry and medical technology.

During the largest display of coil winding and electrical insulation materials, the company Dr. Mueller GmbH will offer customers technical solutions to their specific needs through personalized service in order to enhance their end-product performance.

Exposed above, Dr Mueller GmbH strongly recommends attending this trade show, which is not only an excellent platform for commercial agreements among international customers as well as a great interaction with most of the actors of the energy sector, but also visitors can know latest insulation product offerings available from world renowned

manufacturers.
